Their programs offer the emotional, financial and domestic assistance that these parents require while undergoing treatment and afterwards. Singleton Families provides financial assistance, a meal program, cleaning services and quarterly events for the families. Singleton Moms provides support for over thirty families and have a waiting list in place for many others that will need aid. “AZMPI promotes excellence within the meeting industry through education, certification, advocacy and business-to-business networking opportunities for our members. We educate those who plan or support meetings in any capacity,” said AZMPI President Rochell Planty, CMP, CTA. “Community outreach is an opportunity for our members to learn new skills, while caring for those in our community. We are excited about the opportunity to positively impact the families represented by Singleton Moms.”
